### Dual Healing Modalities: Tapping and WayneRen Online

Thursday, September 21 @ 1pm

Join us for this online program led by With Love and Gratitude as we're guided through different methods of healing. The Emotional Freedom Technique (EFT), also known as tapping, uses acupressure points to release energy blockages, release serotonin, and treat emotional and psychological well being. This tapping technique is geared specifically to releasing serotonin, a natural mood stabilizer. WayneRen is a system for healing that is a synergy of methodologies: Tong Ren, acupressure, Reiki, tapping, serotonin release, massage, chakra balancing and Daoist principles. Incorporating the essences of these healing principles, WayneRen utilizes a distance healing practice to optimize the release of blockages.

With Love and Gratitude is a nonprofit organization dedicated to education and service.
